

JAYDEN YIU

EXPERIENCE

APPLICATION DEVELOPER

Hong Kong Security Bureau, Hong Kong
Jun 2024 - Aug 2024

- Programmed forms for public use using JavaScript, XML and Adobe Designer for forms related to Safety, developing my time management and communication with my supervisor.
- Tested authentication websites using JavaScript, java, HTML and more, developing my observation skills while looking for bugs.
- Developed applications meeting client's expectations, growing my communication skills with people I am not well versed with.

EVENT ASSISTANT

Coledale Public School, Markham, Ontario
Apr 2025 - May 2025

- Participated in helping with The Fun Fair held at Coledale Public School, specifically with balloon making and communicating with Children who were interested in buying products, developing my skills in sales and customer service.
- Helped in the Robotics Division held by UHS, explaining how the robots worked and assisted with setting up required utilities. Showcasing my passion and ability to represent technology.
- Adapting to new skills such as balloon making and customer service on the spot, demonstrating my effectiveness in another environment.

PROGRAM & EVENT ASSISTANT

City of Markham - Culture, Markham, Ontario
Jun 2025 - Jul 2025

- Collaborated with other Volunteers and staff to organize events for campers ranging from 8-9 years old, improving my collaboration skill as long with organizing skills.
- Creating fun activities and a warm environment for children and volunteers to participate in, training my communication skills with audiences below my age.
- Built Connections with board directors and other volunteers, proving my ability to build relationships with others.
